In the matter of a riot alleged to have been caused by the City municipal sweepers at Mysore

LAST REFERENCE

Letter No. 877 dated 18th April 0[illegible]

from the President of the Munic[illegible] Municipal Commission, Mysore C[illegible]

In the "Mysore Standard" of the 5th April 1902 [illegible] articles were published [illegible] under the headings "The scandal of the Mysore Municipal Bumbledom" "Besieged by Scavengers". In those articles it was stated that on Thursday the 3d April 1902 riots of [illegible]

municipal office time of them fully drunk, appears with a premeditated idea of doing mischief and of attacking the Vice-President

2. Thereupon, the President was requested in this office docket no 4570 & 10th April 1902 to submit a detailed report after making a thorough and searching inquiry into the matter

3. Accordingly the President now submits the depositions and explanation from the Health officer, Sanitary Inspector, City Police Inspector & other municipal officials

4. From these papers it appears that one Rasha who was under the influence liquor at the time, was a only passenger that entered driver-y.

a vague idea that he was to get his pay that day. The presence of a number of sweepers in the Town Hall Compound has been explained by the Health Officer to be due to the fact that ~~denied~~ ~~that~~ the time the sweepers go to their respective Wards is the same of the Hall from Jubilee &c, and that there are three Municipal sweepers stationed about the Town Hall.

5 As regards disbursing the sweepers' pay — the bills were sent to the Vice-President on the 2nd. The Vice-President sent the cheque that very day. It was however cashed by the Health Officer on the

this connection the Pre-

the Health officer was
not under the orders of
the Vice-President, the
latter appears to have
thought that it was not
his duty to interfere in
the matter, although he
was quite aware of the
delay.

5 The President makes
two suggestions for the
orders of Govt.-
(1) To make the Vice-President

(2) To transfer the
Sanitary Inspector, who
has not been working
satisfactorily, to Bangalore

disobedient and disres-
pectful conduct towards
the Vice-President. (Serial

29. The action of the Dy Comr: Mr Ramanujam in suspending the Sanitary Inspector Govindarajulu Naidu so soon after his re-transfer to Mysore by order of Govt appears to have been hasty and arbitrary. The offence of foolishly parading through the town in a double horse carriage, it seems at least, would only entail the notice of such a high officer as the Dy Comr:, and not of the Dy Comr: only. Suspension to be made by Govt, the Dewan has no great love of Bentley.

The points raised are:-

(1) Whether under this order the Sanitary Inspector is to be paid his pay and allowance for the period he was under suspension and

To H. V. Nanjundayya Esq. M.A. M.L.
The Secretary to the Government of Mysore,
General and Revenue Departments.

Sir,

I have the honor to acknowledge the receipt of your Docket No. 1658/8 / L.J. 418-92 of the 10th April 1902, calling for a detailed report on the two articles "The scandal of the Mysore Municipal Bumbledom" and "Besieged by Scavengers" that appeared in the Mysore Standard of the 5th idem, and beg to state as follows -

2. The Health officer has enquired into the Case and Submitted his report The City Inspector has, likewise, sent in a detailed report after a local enquiry

made under my direction: and
a perusal of these papers as also
after making my own enquiries
in the Case, I am satisfied that the news
paper reporter has made a mountain
of a molehill. It is not true that the
City Municipal office was besieged
by the whole army of Scavengers. It
not true that the drunken Scavengers
called loudly for the Vice-President in
view of attacking him.

The simple facts as reported
by the City Inspector appear to be
as Rasha, one of the Scavengers indulged
liquor on the afternoon of the 3rd
March and went to a marriage house
where he was given some cooked rice
a curry and with these and some
other kinds of [illegible]

to the Municipal office under a vague idea that he was to get his pay on that day. It further appears that he first went to the Municipal Engineers' room, and on being evicted from there he next went to the Central Hall where under the gallery he vomited from the effects of drink. He then forced his way to the managers' room from which he was turned out, and handed up to the police. The enquiry clearly shows that there was no premeditation in this affair that the scavenger Rama was a hardened drunkard, that he was once before fined eight annas for being drunk and boisterous, and that the present incident was but a repetition of the same offence. He clearly acted as he has done under the influence of liquor

and there appears to be no foundat
for the report that he intended to atta
the Vice-President.

4. The Health officer denies that there
were any other municipal sweepers
present in the Town Hall Compound
at the time. He assured me verbally
that not less than 95 per cent of the
sweepers were present on their work
at the time. I visited the Town Hall
at 5 P.m. on the same day to meet
Colonel Benson by previous appointment, and all that was then brought
to my notice was that a drunken
scavenger had misbehaved in the [illegible]
municipal office and that he had been
handed up to the Police. The man has
been since convicted by the City Magis
trate and sentenced to one day's [illegible]

imprisonment and 2 to fine

5. It appears to me, however, that the disbursement of the pay of the Conservancy staff was unnecessarily delayed. The usual date of payment is the fifth of every month. In February they were not paid as reported by the Health officer till the 8th, for which there was some reason. In the following month they were not paid till the 6th. I understand that the scavengers expressed their discontent at such tardy payment, whereupon the Vice-President assured them that they would be paid earlier in the following month. The Health officer says that he was not aware of this, and that he thought that the disbursement of pay would, as usual, take place on the 5th of the current month

But the fact remains that a cheque for the required amount was drawn by the Vice-President and handed over to the Health officer on the 2nd instant. There was therefore nothing to prevent the disbursement of pay on the 3rd or at the latest on the 4th. But this was not done. The Vice-President was aware of the delay. But as the Health officer was not under his orders he appears to have thought that it was not his duty to interfere in the matter.

6. This naturally leads to a consideration of the present anomalous position of the Vice-President. Until the appointment of a Health officer for the City, the establishments in all the branches of the Municipality had been working under the direct orders of the

Vice-President and the work was getting on smoothly and well. The Health officer, however, was given a status independent of the Vice-President and the Conservancy staff working under him have come to regard the Health officer as their superior officer and not the Vice-President. There was friction between the late Vice President and the Health officer, and the same obtained relations exist between the latter and the present Vice-President. The work of the municipality suffers seriously in consequence of this divided authority.

7. The President, who is also the Deputy Commissioner of an unwieldy and troublesome district like Mysore cannot possibly do more than exercise

a general supervision over the work of the City Municipality. All the exe. cutive duties of the Municipality must therefore devolve upon the Vice President, and it is in my humble opinion, not a satisfactory arrange. -ment to allow the Health Officer to work independently of the Vice-Presi. -dent. I am not sure however that this idea will find favor in high quarters. I am therefore led to revive the proposal made so far back as June 1896 to relieve the Deputy Commissioner of the City Municipal work on their order No. 1413-S of the 30th June 1896, Government were pleased to express the opinion that the time had not arrived for doing away with this responsible Control. Nearly

have since elapsed, and I now think it opportune to revive the said proposal. We have in Mr. K. Srinivasa Rao, an active and energetic full-time Vice-President who has had practical experience of the working of the Bangalore Municipality of Bangalore for some five years, and if Government approve of the idea, he may be styled as President of the Municipality, which would obviate any objection which may be taken to place the Health Officer under the orders of the Vice-President.

8. In this connection, I must beg to bring to the notice of Government that the Sanitary Inspector has not been working satisfactorily. A proposal made for his transfer back to the medical Department on a former

occasion did not succeed. He has
been too long in Mysore and his
continuance in the same place any
longer is considered very undesirable.
I beg therefore to recommend that he
may be transferred to the Bangalore
Municipality on trial and another
duly qualified person sent in his place
to Mysore.

9. In view of the coming important
events, it is very necessary that the
City Municipality should be placed on
an efficient footing and with this view,
I beg that Government will be pleased
to pass early orders on the suggestions

Sir,

I have the honor to acknowledge the receipt of Copy of the Government Proceedings No. 447-50 dated 9th Instant Sent & R. 24-1901 with your Office No 113 dated 11th Instant and to state that however keen and intelligent a person may be, it will be impossible for him to be a Sanitary adviser, a Complainant and a Subordinate at one and the same time to any other person whatever may be the rank and position of the latter.

In this Municipality the Vice President is one of the executive as such he has got to act up to the advice of the Health Officer in matters connected with the Sanitation. Any elevation from this on his part necessitates the Health Officer to invoke your attention to the same

allu

subordinate of the Vice President how far it would be efficacious in bringing such deviations to the notice of the latter, who may not like it, is a matter for consideration. Strenuous daring and straightforward a subordinate may be, it will be impossible for him to point out such defects to his immediate Superior without incurring his displeasure.

Trying to avoid such unpleasantness means no improvement in sanitation of the city and it will go to the discredit of the Health officer. It is why everywhere Health officers though paid by the Board are maintained as independent Government Officers and Dr Smyth has also been pleased to expound so practically in his letter No. 2624 dated 24th September 1900 to the plague Commissioner (Extract of the Copy herein enclosed) that the Health officers should be as independent as priests.

I accepted to serve as Health officer, only on such understanding and no other

The numbers of the scavengers ought to be increased by at least one quarter, and the carts ought to be doubled or trebled or more, all of which together with the overseers should be under the immediate authority of the Health officer to fine, appoint or dismiss and pay them their wages. If his authority in these matters is not absolute, he is paralysed at the very outset for real good. If he is constantly interfered with, if his verdicts in regard to his subordinates, are as likely as not to be upset by a Superior officer, I declare it would be better not to appoint a Health officer at all. Make him responsible; place the power in his hands; and, if it is in him, he will succeed; if it is not in him, he will have to be re-placed by a man of different calibre In Allyghur, the Health officer has a veritable mountain of difficulty to contend against, and should not be worried by petty official interferences, by time-wasters whatever their ranks or status. All this does not mean that everything he does shall not be done by the sanction of the President, but what I want to emphasise is that unless the matter is of very serious moment, even if the Health officer is technically wrong, nothing should be said or done either to harass him or reduce his status in the eyes of those whom he must, so to speak, drive, and nothing above all that will waste his all too valuable time. He must not be a puppet. He ought to be as independent as a priest.

Sir,

I beg to submit that my sudden transfer from Mysore at a time the visit of His Excellency the Viceroy and the Installation of the Maharajah was fast approaching I had to submit myself to the orders of Government without delay and come and take charge of the duties of the Sanitary Inspector of Bangalore City

However, before leaving Mysore, I have submitted a memorial to the Government through the Health Officer, Mysore, requesting the Government to re-consider their orders regarding the reduction of my pay.

To my misfortune I have not been favored with any orders till now and I am working here for the past 3 months without drawing my pay or allowances.

On account of domestic inconveniences I have to maintain two families one at Mysore ...

As I am, in a strange place, and at a time of epidemics I needit say the difficulties I am put to, to meet my wants and demands.

Under the above circumstances, I request that you will be pleased to write to the Government to be kind enough to dispose of my humble case at an early date and thereby relieve me of the difficulties which are, day by day, becoming unendurable.

Office of the President, City Municipality

Dated, Mysore, 17 January 1903.

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

Sir,

I regret to have to report Sanitary Inspector Govindarajaloo Naidu again to Government, so soon after his re-transfer to Mysore.

2 He has always borne a character for insolence and insubordination. Before he was taken on by the Mysore Municipality, he was in the subordinate Medical service of the State and Col: Benson, the Senior Surgeon, has placed it on record that "he (Govindarajulu Naidu) was about to be dismissed for insubordination and consequently sent in his resignation."

Ie Senior Surgeon's letter 3465/23-11-00 to Govt.

3 Mr: Madiah when he was Deputy Commissioner of Mysore, reported the Sanitary Inspector for his negligence to carry out the instructions issued to him; and further stated that

> "he (Sanitary Inspector) was personally given by me an opportunity to offer an unqualified apology for his disobedient and disrespectful conduct towards the Vice President,"

de this office letter No: 337 of 1-11-00.

which he did not avail of . He was on that occasion suspended by Government for a month and a half.

4 Again when the late Mr: Hayes was temporarily placed in charge of the conservancy branch of the Mysore Municipality, he reported that the Sanitary Inspector had deliberately refused to carry out his instructions, that his conduct was very insubordinate and that he was more an obstacle than a help. The then Vice President, brought the matter to my notice, and in doing so, he drew attention

do Vice Presd's

·3-01 to the
esdcut.

"attention to the very insubordinate and insolent tone of the(Sanitary Inspector's) diary, also to the fact that the same individual was a short while ago suspended for a period of one and a half months"

and requested that Government may be moved to transfer him to some other place.I was then new to the District and the late Mr:Hayes had also been subsequently transferred from the Municipality.I did not therefore think it necessary to do more than warn the Sanitary Inspector that

to my remarks
the above letter
to Vice Presdt.

"if he again gave cause for complaint adequate notice would be taken of his conduct."

5 Unfortunately,however,my forbearance was misplaced.It did not have the desired effect.Complaints of neglect of duty against the Sanitary Inspector,continued to be brought to my notice by Mr: H,Nanjundaraj Urs,and after him by the present Vice-Presiuent.I was at last obliged to recommend the transfer of the Sanitary Inspector, and Govern-

ment were pleased to order his transfer to the Pargalore Municipality.This was in July 1902.

In the succeeding December,Government were pleased

to G O No.
03-6 of 1/12/02

to transfer him back to Mysore and to restore him to his former pay.I confess that I was very sorry at this invasion of the return of this official to the Mysore Municipality once again.There was however a ray of hope that the six months he was kept on reduced pay in Pargalore might have taught him a good lesson,and that he might turn over a new leaf

7 But this I was sorry to find was not the case.He arrived at Mysore on the 24th December 1902,and rode in a carriage and pair from the Railway Station to his house.He did not ride in a direct route to his house,but came in front of the Vice President's house,for which purpose he had to make a detour and drive for part of the way over the Race Course,before he reached his own house.The Vice President returned this visit

ation.He was an eye witness to it.

The thoughts which must have filled the mind f the Sanitary Inspector when he thus made a parade of him self may easily be devined.He must have no doubt fancied hat he had scored a victory over local authority in having got his transfer from Mysore cancelled.There is apparently no other way of accounting for his vauntful display.I felt - curious to learn more of this affair and the City Police Inspector who was deputed to make the necessary enquiry has reported to me as follows :-

> "I beg to state as per your kind orders,I made enquiry and ascertained that Sanitary Inspectar Govindarajulu Naidu arrived here on the afternoon of the 24th inst and that Overseers Venkataraya Chetty,Gulam Mohadin and Gulam Raja Ali with Municipal peons Chenna,Giriya and some more were present at the plat-form on his arrival and received him with garlands and bouquets.Venketaraya Chetty and Gulam Mohadin had brought two carriages drawn by pairs-one belonging to Sivaram Bahadur and the other belonging to Devaparthiva family.The Sanitary Inspector with his children sat in Sivaram Bahadur's carriage,and went to his residence, which is in Chamaraja Mohalla just in front of the weaver's lines.The other carriage was sent away from the Railway Station only"

I wanted to personally tax the Sanitary - Inspector with this pompous exhibition.But he never even once appeared before me since his re-transfer to Mysore. He did not even report himself to me for duty in the usual formal manner.On the 31st December,therefore,I sent a set of written questions to the Health Officer and asked him to get the Sanitary Inspector to reply to them. The first question was

> "When did you take charge of your duties and under whose orders?"

to which the reply was

"I took charge of my duties,on the afternoon of the ultimo under the orders of the Health Officer."

My second question was

"Why have you not reported yourself to the President although it is now seven days since your arrival in Mysore?"

to this his reply was

"As usual everywhere I reported myself both in person and in writing to my immediate superior."

(meaning I presume,the Health Officer.)The succeeding four questions were as given below:-

3 "who were present at the Railway Station on your arrival on the 24th instant?"

4 "who presented you with garlands and bouquets on that occasion?"

5 "who provided you with a carriage and pair,to drive from the Railway Station to your house?"

6 "what route did you take,in driving from the Railway Station to your house?"

The Sanitary Inspector refused to answer the above four questions.All that he chose to say was:-

"I respectfully beg to submit that queries 3 4,5&6 refer to private matters between me and my family &c."

10 I had sent these questions to the Health Officer under cover of a Demi official,in the hope that if a satisfactory explanation had been forth-coming,the necessity of a reference to Government might be obviated.But the attitude of the Sanitory Inspector,compelled me to write again-and this time officially-pointing out that the four queries in question did not refer to private matters, as fondly imagined by the Sanitory Inspector and calling upon him to submit "full and unequivocal replies" to them within 24 hours on pain of suspension.

11 Nothing daunted,the Sanitary Inspector,persisted in his refusal with insulting reiteration.He went to

as follows:-

"I respectfully beg to submit that my answers to the queries of the President are full and unequivocal. In my reply I have said that queries Nos:3,4,5&6 relate to matters between me and my family &.I beg to assure that it is neither more nor less "

The insolence of the above reply from a subordinate in the position of a Sanitary Inspector was intolerable and immediate notice of his highly insubordinate conduct seemed called for.

12 Under clause 4 of para 11 of the late Chief Commissioner's famous minute dated 14th October 1878,on the "Amildari service" the Deputy Commissioner is given authority in case of real urgency to suspend an Amildar temporarily and then report his action to Government. I thought I might not be acting amiss if I applied the spirit of the above order to the case of a much inferior official like the Sanitary Inspector in the circumstances above detailed.I have accordingly issued the following order,and trust that Government may be pleased to support my action:-

"With reference to correspondence,ending with the Health Officer's No:356 dated 7th instant,Sanitary Inspector Govindarajulu Naidu,is placed under suspension in anticipation of Government sanction.I regret to take this step, but the Sanitary Inspector's recusancy leaves me no option. His conduct will be reported to Government and further orders awaited ."

13 It only remains for me to beg earnestly that suitable notice may be taken of Govindarajulu Naidu's conduct and the Mysore Municipality relieved of this incubus of a Sanitary Inspector of whom no good work can be expected, so long as he remains in Mysore.

I have the honor to be,
Sir
Your most obedient servant,

Sir,

I respectfully beg to represent that I was appointed as Sanitary Inspector of Mysore City in the latter part of 1890. In July last I was transferred to Bangalore City on a reduced pay, I believe, on the complaint of Mr. H. Ramanuja Iyengar, President Mysore City Municipality. On my humble representation of the case, the Government have been pleased to reconsider the matter & retransfer me to Mysore City on my former pay in their Proceedings No 9203-6 of Bangalore 12th Dec. 2226-96 December 1902.

II In obedience to the a-
above Proceedings after being
relieved of my duties at Ban-
galore on the 19th ultimo, I came
and reported myself for duty
on the afternoon of the 24th
ultimo, as is usual every where,
to Health Officer, Imporvility,
my immediate superior, as-
sumed charge of my duties
under his orders, and was
doing my work, I believe
with probity & deligence, and
to the satisfaction of my
superiors.

III. On the evening of the
2nd instant, scarcely before
ten days had elapsed since
my arrival here, to my surprise
the D O of 31st December 02 and
the list containing six queries
(there under written) from Dr. K.
Ramanuja Iyengar, President,
were communicated to me
by Dr. Kodanda Rami, Health
Officer. On the 3rd instant
I replied queries one & two
which referred to official,

matters, and respectfully represented that quarries Nos 3, 4, 5 & 6 referred to private matters between one & any family &c

VI. I even now and conscientiously believe that the queries Nos 3, 4, 5 & 6 of the President refer to private matters between me and my family &c. By the summary way in which I have been treated, I am afraid that Mr. R. Ramanuja Iyengar President, has again allowed himself to be prejudiced against me by persons having vindictive motives against me. On the day I arrived here Mr. R. Ramanuja Iyengar was on circuit & not in the city.

VII. Then again I am not conscious of being guilty of any delinquency whether public or private. None of any enquiries has been pleased to make known to me whether I was delinquent

... any way either ... ... my
public or private life. Holding
to the view as I do even now,
that private life is sacred
I respectfully submitted
to the President that queries
3, 4, 5 & 6 refer solely to pri-
vate matters, so that I
may be spared from an-
swering them. I also beg
leave to submit that no
substantial charge in my
capacity as Sanitary In-
spector has been made
known to me, nor I have
been given an opportunity to
explain myself if neces-
sary. All that the President
says is that it is merely my
imagination to think that
queries 3, 4, 5 & 6 refer to pri-
vate matters, and he has
not shown in the least
as to how the said queries
do not refer to private
matters. I could not —

Succeed !

answer queries without
being made to understand
the nature & scope of the
queries put to me & of the
answers I have to give.

VIII. In conclusion I most
humbly pray that the Govern-
ment will be pleased to
consider my pitiable case
fully before orders are passed,
having in view, the fact,
that I have only recently
suffered seriously at the
instance, I believe, of Mr.
Ramanuja Iyengar, Presidt,
and thereby save this
humble servant of Govern-
ment from falling a vic-
tim to vindictiveness.

Sir,

In Continuation of my letter No. 5[illegible] of the 9th instant reporting on the Conduct of Govindarajalu Naidu, Sanitary Inspector of the Mysore City Municipality, I have the honor to submit herewith his letter of the 14th instant, received with the Health Officer's no 286 of the 15th idem. It will be seen therefrom that the Sanitary Inspector has not only asked the Health Officer to forward his letter to Government, thus ignoring the President altogether.

but has also taken the extraordinary course of submitting a copy of the said letter to Government direct against the standing orders. Further Comment seems superfluous.

Sir,

I respectfully beg to represent that I was appointed as City Sanitary Inspector of Mysore City in the latter part of 1890. In July last I was transferred to Bangalore City on a reduced pay, I believe, on the complaint of Rao B. Ramanuja Iyengar, President, Mysore City Municipality. On my humble representation of the case, the Government have been pleased to reconsider the matter and retransfer me to Mysore City on my former pay in their Proceedings No. 9203-6 / 29226-96 of Bangalore 15th December 1902.

II In obedience to the above

Sir,

I beg to submit that in obedience to the Government Proceedings No. $\frac{447-50}{\text{L.Dis. } 24-01}$ dated 9th Jan 1902 I had been working in the Bangalore city Municipality from 21st July to 19th December 1901.

I presented a memorial to the Dewan Bahadur representing that the punishment inflicted on me was without any specific charge against me should there be any, that I should be granted a chance to submit my explanation for it. But the Government have been pleased to reconsider my unfortunate case and to pass Proceedings No. $\frac{9203-6}{\text{L.Dis. } 226-9(}$ dated 1st December 1902 ordering my retransfer to Mysore.

On the submission of Bills for the difference of pay due to me for the period I served in the Bangalore city Municipality I was informed "the Government order does not authorize the payment of Mysore City Sanitary Inspectors pay for work done in the Bangalore city Municipality"

(6th) I was found innocent the Government may not consider it just and proper to mak me undergo any kind of punishment, I therefore solicit that the difference of pay may be ordered to be disbursed to me.
